Hasegawa-Hauca: Interview -

学生によるインストラクターへのインタビュ

Interviewer: Department of Communication Yasunori Hasegawa

Mr. Hauca's First Impression of Jin-ai University

Q: What was your first impression of Jin-ai University?

△: I was amazed at the warm welcome I received from all the students and staff. This campus is not so big; it has a very cozy feeling. If I were to express my first impression in one word, it would be 'friendly'.

The First Year of the Center

: What do you think about the first year of the

A: All in all I think our first year was a success. Although, we would have liked to have had more students come to the Center. The majority of visitors were students from the Department of Communication. Next year we would like to see more students from the Departments of Psychology, Health & Nutrition and Children's Education come to the Center. We want everyone to know that the Center is here to help all Jin-ai students. There are no "have-to's." You don't have to keep coming every week or month. You don't have to speak English fluently. You don't have to buy something to study. The Center is a place where any student can come and enjoy himself or herself regardless of their English ability.

Best Memories

What are your best memories of this year?

A: My best memories are of the events held at the English Education Center. Especially memorable, were the "Guests from Fullerton, California" (held on August 10th), the "Christmas Party" (held on December 18th) and "Guest Chotto Chatto" (held on January 17th).

Future Plans for the Center

: What plans do you have for the future?

A: The broad plan is to increase overall student involvement. We want students to be actively involved in the Center's activities. We want input from as many students as possible. Our immediate plans are to build upon our existing collection of English media, such as books, DVDs, and software. For this plan as well, we want ideas and input from all Jin-ai students.

Final Comments

Again, the Center is here for all Jin-ai students. We value your input and suggestions. We look forward to seeing you and listening to your thoughts and opinions.

Christmas Party on 12/18 -- クリスマスパーティ

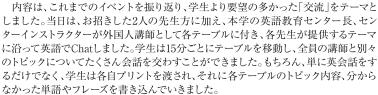

On December 18th a Christmas Dinner Party was held at the English Language Center from 5 p.m. to 7 p.m. There were over fifty guests, including staff and students from Fukui Prefectural University and Fukui University of Technology. After everyone sang Christmas carols to the accompaniment of live harp music, six Jin-ai University students led the party guests through amusing games, such as Pictionary and Black Box Quiz. For dinner there were two roasted turkeys with all the trimmings and homemade cookies for dessert. The party ended with a Bingo game using prizes brought by each of the guests.

It was a wonderful way to get in a happy mood for the Christmas and New Year seasons!
